

MORRIS MINOR APPRAISAL CHECKLIST

Date: _____

Type: MM/SII/1000

Reg No: _____

Body: Sal/Trav/Conv/Van/Pickup

Mileage: _____

Engine: 918/803/948/1098

VIN: _____

Section 1: External Checks

Item	Good	Fair	Poor	Comments
Sags/corr ride height				
Bumper fit				
Door gaps				
Door bottom align't				
Wing fit				
Body ripples				
Chrome condition				
Lights/indicators				
Shock abs/'bounce'				
Interior Condition				
..Tourer hood (rips)				
...cloudy rear screen				
..Trav wood (stains)				
...joint condition				
Paintwork (shine)				
..scratches/chips				
..flaking edges				

Section 2: Underbody

Front wh.arch rubber				
..inner wing rust				
Main cross mem rust				
..delamination				
..torsion bar fixing				
..poor repairs				
Sills - inner F/L				
..inner R/L				
..outer L				
..inner F/R				
..inner R/R				
..outer R				
Rear spr mnt F/L				
..rear hanger L				
Rear spr mnt F/R				
..rear hanger R				
Floor - F/L				
..F/R				
..R/L				
..R/R				
..under rear cushion				
Ch. legs -eyebolt twist				
..repair patches				
..general condition				
..twists				
front br. Backplates				
rear br. Backplates				
petrol pipe				

fuel pipe				
diff/prop flange seal				
rear shock leaks				
exhaust condition				
..mountings				
clutch linkage wear				
Tyre condition				

Section 3: Detailed Body Checks

bumper/valances				
Wings: around h/light				
..rear edge				
..bolts at bottom				
Doors: vert movement				
..hinge wear				
..movement of pillar				
..bottom skin rust				
Quarter panel 2dr				
curved rocker (r/dr-wing)				
rear wing fix bolts				
fixing edge inside				
rear wing condition				
boot lid corrosion				
rear boot floor				
rear inner wings at back				
bumper mounts				
..vert movement				
Rear valance (Trav)

Jack				
Boot/rear dr.lock				

Section 4: Interior

Seats - rips				
..split seams				
squab ret.clip (boot)				
Dash -correct inst.				
..accessories				
Headlining - holes				
..discoloured				
Trav - rear bay				
..alum strips				
..side trims				
rear door dents				
Door trims- secure				
..damp or damaged				
door pulls				
Carpets condition				
..accuracy of fit				
..damp or damaged				
..acid damage				
Doors - window op				
..quarter light op				
ext.handle ret.spring				
seat belt type				
..condition				

Section 5: Mechanical

engine start				
..easy idle				
steering col wear vert				
..horiz				
clutch pedal adj				
brake pedal adj				
independent action				
bonnet release op				
engine type				
gearbox type				
VIN number chk				
engine ancillaries				
bay cleanliness				
battery tray condition				
positive earth				
shock abs condition				
tappet noise				
timing chain noise				
bottom end noise				
carb leaks				
spindle wear				
filler cap deposits				
radiator ext condition				
..stains				
engine mount condition				
steering rack wear				
front wheel brgs				
trunnions				
recent grease				
radiator venting				
colour of coolant				
brown deposit on cap				
oil in water				
water in oil				
condition of oil				
alternator fitted				
electronic ignition				

Section 6: Road Test

starter speed				
gear selection				
clutch operation				
sustain brake pedal				
brake evenness				
brake effectiveness				
transmission clonk				
diff whine				
gear whine				
jump out of gear				
handbrake evenness				
steering self straight				
engine knock				
overrun noise
